ADVISED TO RESUME WORK.

Texas Operators Will Receive no Aid in Their Fight.

GALVESTON, Tex., Oct. 20.—A committee of railroad telegraphers called a meeting of all the railroad employees at Cleyburne last night to explain the strike and secure their aid and support. The meeting lasted from 8 o'clock till midnight. The telegraphers' committee was advised that the strike was not justifiable; that they should return to work and send a committee to Galveston and settle matters with Robinson and Wheeler as previously agreed and that the railroad employees could not give them any support.

Last night Manager Wheeler of the Gulf, Colorado and Santa Fe said: "The statement that the Gulf, Colorado and Santa Fe railway company pays its operators a maximum salary of \$80 is not true. The maximum salary is \$85 and the maximum pay of agents more than \$85. We pay as much as any other road in Texas and more than many roads in the state."

Missouri Federation of Labor.

SPRINGFIELD, Mo., Oct. 20.—At this morning's session of the State Federation of Labor, St. Louis attempted to re-elect President David Kreyling to a third term, but Kansas City, followed by all the smaller towns in the state, brought out Ford Allen, president of the Industrial Council of Kansas City, and elected him by a narrow majority. D. C. Hogan, candidate for the legislature from Greene county on the People's party ticket, was elected first vice president and T. B. Honcomp of Sedalia second vice president.

FRESH TROUBLES IN CRETE.

Christian Inhabitants Resent the Action of the Turkish Officials.

CANDIA, Crete, Oct. 19.—Since the revolt of October 4 of the inhabitants of the village of Askifo in the province of Sphakia against the Turkish troops stationed there, serious trouble has occurred in other parts of the province and elsewhere on the island. The trouble grew out of the actions of the Turkish troops and Turkish officials, and the feeling was so intense that the natives took advantage of every occasion to harass them. Skirmishes were of frequent occurrence, and it is alleged here that during these fights four Christians were killed, while the Turks lost fourteen soldiers killed and twenty wounded.

Finally the Bishop of Sphakia intervened to stop the troubles and secured from Chevet Pasha, governor of Crete, a promise that the Cretans who took part in the disturbances would not be molested if they created no further disorders. This resulted in hostilities being suspended for a time, but now a report is in circulation that eight of the Cretans who took a prominent part in the rioting have been seized as conspirators by the authorities and transported to Tripoli.

The Cretans are indignant at this breach of faith and a band, composed of 1,000 armed men, is preparing to demand the release of their fellow countrymen.

DEFAULTER KERR ARRESTED.

Grabbed After Being Chased All Over Europe by a Detective.

KANSAS CITY, Mo., Oct. 20.—The Jarvis-Conklin mortgage and trust company yesterday afternoon received a cablegram from Liverpool announcing the arrest of Augustus T. Kerr, formerly auditor of the company who absconded last April with \$13,000 of the company's money. The message containing only the two words, "Kerr arrested," but from reports received from the detectives previously it was known that Kerr had been tracked to Liverpool, and it is reasonable to presume that the arrest was made there, after being chased all over Europe by a detective of the American Surety company.

A German Officer's Sad Fate.

NEW YORK, Oct. 20.—A man who was apparently a tramp was found unconscious at the corner of Twenty-second street and Second avenue last Wednesday and was taken to the police station where it was found that he was not drunk but dangerously ill and he was taken to Bellevue hospital where he died Saturday night. On his person were found papers showing that he was Lieutenant von Alvensleben of the famous Second regiment of imperial hussars of Germany.

Another Ocean Record Broken.

NEW YORK, Oct. 20.—The log of the City of Paris, which arrived here early this morning, shows the passage from Queenstown to have been made in 5 days, 14 hours and 24 minutes, the distance traversed being 2,782 miles. The days runs were 448, 508, 503, 508, 530 and 288. This beats the record for a Westward passage.

Equal Suffragists Hold a Fair.

TOPEKA, Kan., Oct. 20.—About 500 delegates and members of the Kansas equal suffrage association are in the city to-day attending an equal suffrage fair. There are in this state about 1,800 members of the association. The fair has collected the most enthusiastic of these members and all sorts of bric-a-brac and fancy work is on display. The proceeds will go to building up the association.

THEY LIVE TO DIG.

Iowa Men Not Wholly Disheartened.

OMAHA, Oct. 13.—The Iowa men who are engaged in that not very praiseworthy pursuit of trying to change the course of the Missouri river, otherwise known as the Bellevue ditch diggers, have been routed in their first vigorous attempt but not disheartened. Tom Hickman, the foreman of the gang, who with others were arrested by Deputy Sheriff McCarthy last Friday and has been in jail since then, paid his fine this morning and was released. In speaking of the matter Hickman declared that he was under no obligation to any person for his release from jail, and that being so he might commence digging in the ditch again and he might not; he was hired to superintend the job and he did not think that there was any law which would prevent him from hiring out again if he wanted to do so after he got home. He refused to give the names of his employers, or what the object was in digging the ditch, as that was something that did not interest the public. The people of Omaha, Hickman said, had been altogether too previous in the matter and had gone off half cocked, denouncing the instigators of the scheme as a lot of robbers and cut throats when in reality they were honest gentlemen and had honest motives in making the improvements which they had undertaken. The time would come, he said, when these men would be regarded as public benefactors instead of being denounced as robbers.

The Mayor Miller Inquest.

OMAHA, Oct. 13.—The inquest on the death of Mayor Miller is being held before the county coroner, and the theory of murder, maintained so tenaciously by many of the friends of the mayor, is apparently gaining strength. Interest turns on the discovery of the tall man in gray clothes who has appeared so frequently in the case and whose name and description are now in the possession of the police of both Omaha and South Omaha. This man was minutely described by Lou Scott, the keeper of a disorderly house, as being in her place in company with Miller on Monday morning. Garlock, the employee of the Deering warehouse, who heard the shot and saw the puff of smoke, also saw a man of similar description in the rear of Birdie Mann's a few minutes before he heard the shot fired. At 10 o'clock Tuesday he was seen on the corner of Tenth and Dodge in company with the late mayor by Bob Linkins, who gave his name to Officer Vanouse, who was also acquainted with him. The description given by the pawnbroker of the man who purchased the revolver of a tall man in a dark gray suit of clothes, wearing a blond mustache and a black hat, which tallies with that of the man wanted by the jury. Policemen think they know the man and his whereabouts and his arrest may follow any day.
